

Take Charge of Your Diabetes – At No Cost to You

Managing diabetes is easier when you have the right tools. As part of your Marathon Health benefits, starting January 2026, you can now receive:

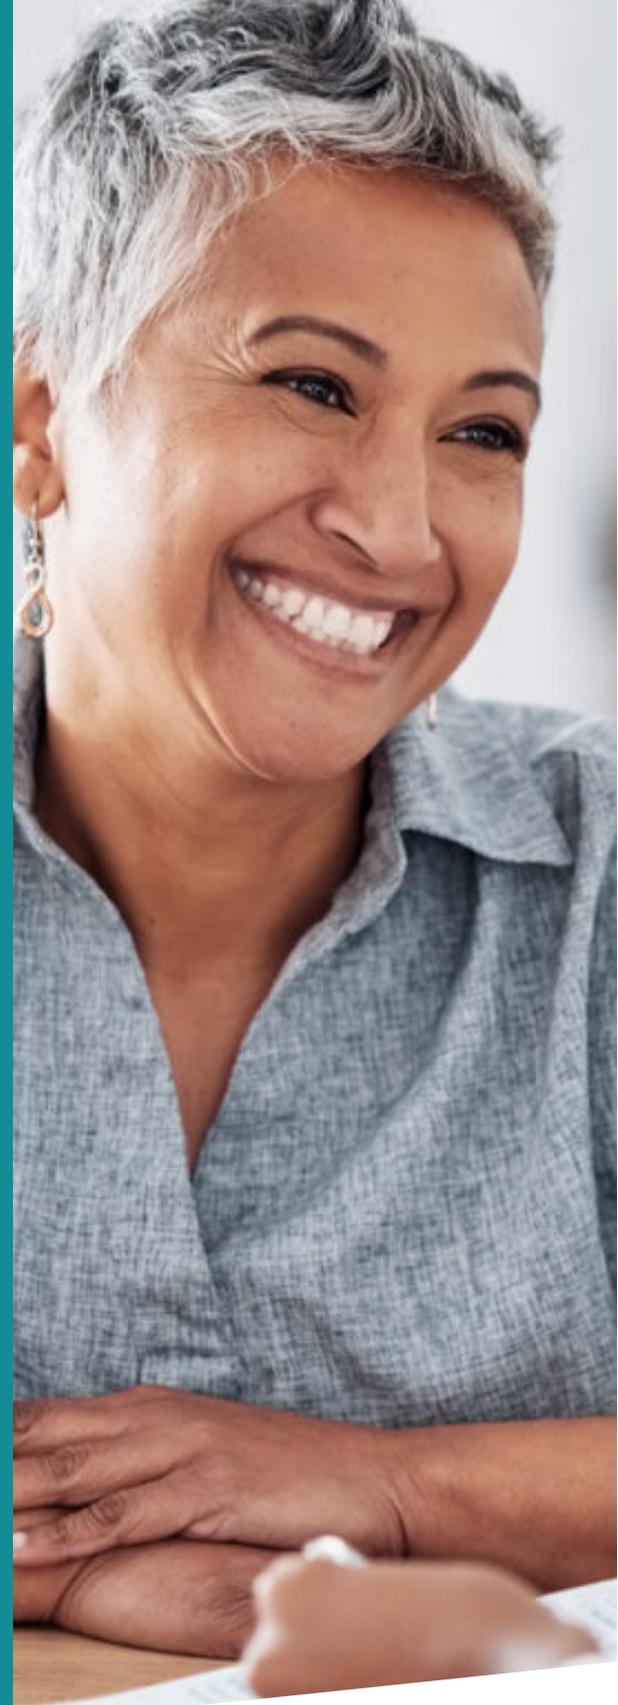

- Free HealthPro Glucometer
- Free Test Strips
- Free Lancets

All supplies will be dispensed on site (typically reserved for newly diagnosed patients) or delivered directly to your home, 100% free of charge.

How to Get Started:

1. Schedule a Chronic Condition Management or Diabetes visit with your Marathon Health provider.
2. During your visit, your provider will help determine the supplies you need.
3. Supplies will be provided on site or shipped directly to your home.

Extra Support Available: You also have access to one-on-one health coaching. A health coach can help you build healthy habits, stay on track, and get the most out of your diabetes care. While not required, it's a great way to make the most of your benefits.

Schedule an appointment today by calling 866-434-3255 or visit clients.marathon.health/IU
